

## Emilie Lindenbergh

Emilie is a versatile creative personality that is reflected in various activities. She is an artist, a teacher in drawing and painting and a life story coach.

As a painter, she works with acrylics in an impressionist style. She paints with a loose touch and in thin layers of different colors. Light and space are the main themes in her atmospheric paintings.

She exhibits her work throughout the Netherlands.

As a teacher of arts in Laren she has fourteen years of experience. Emilie teaches painting techniques and she coaches people in finding their own artistic style. She teaches four groups of adults and four groups of children in different ages throughout the year, and gives painting workshops on command, or on its own initiative.

Also she provides fully-arranged four-day painting workshops in places where painters' colonies were traditionally in the Netherlands, as Bergen and Domburg. Every level is welcome, for everyone is individually coached.

As a life story coach Emilie guides small groups of people in writing their Life stories during eleven meetings every fourteen days. She also provides exclusive fully-arranged five-day writing workshops Life Story, in Zeeland, close to the sea and beach.

Emilie Lindenbergh has a partnership with museum Singer.
